WORLD COMING TO END

SOOTHYSAYER SPANGLER MAKES DIRE PREDICTIONS TO OCCUR LATTER PART OF MONTH.

York, Pa., Dec. 12.—(December 12) to be a strenuous month, if the prophecies of Leo J. Spangler, York's direful prophet and mother of time with fulfillment. According to Spangler, no less a catastrophe than the end of the world is to take place the latter part of the month—probably on Sunday, December 27. Moreover, it may take place a week earlier, Sunday, December 20, and thus afford an economical solution of the champagne problem.

Some of the terrible things that will immediately precede the end of the world are described by Spangler in the following alarming fashion:

Nation shall rise against nation Kingdom shall rise against Kingdom.

There shall be famines and pestilences and earthquakes.

Rivers will dry up. The fish of the sea will die.

The sea will boil up with a great noise.

The cities of the nations will fall. Mountains will not be found.

Islands will pass away. The city of Boston will sink.

New York will go up in smoke. People will flee to the mountains. The land will dry up to get ready for fire.

The crops will fail and prosperity will be cut off.

The banks will keep on failing. This cannot be stopped.

Roosevelt will get rid of all his money.

The treasury will go dry. People will carry their money in their pockets and hide it in their houses.

Families will steal it from one another. This is the gold that is piled up for the last days. This gold will rust in your pockets. It will do you more trouble than good.

Labor organizations will come under one head and rule the land.

There will be great wrath among the people. Hatred, killing one another, hanging themselves and children will rise against their parents, two against three and three against two.

Mother-in-law against daughter-in-law. All plagues that are written in the Bible will be brought forth. The land will be full of lice, frogs, crickets and locusts. Whosoever will be stung of these locusts will die.

There will be signs in the sun in the moon and in the stars.

In the end of time the sun will be black and the land will be in darkness. The moon will be as blood, the stars will fall and the heavens will be shaken.

This is Worth Reading.

DESERTED HIS FAMILY

A TEXAN LEFT WIFE AND FOUR CHILDREN TWO YEARS AGO. OFFICER ON SEARCH.

A gentleman by the name of Sykes came to the residence of Mr. T. E. Choate last Thursday, and finding that he would not be at home until Sunday, was waiting for him on his arrival. The man stated that he had been referred to Mr. Choate as one who would probably have some knowledge of a man for whom he was searching. Mr. Sykes' home is in Linden, Texas, and this man for whom he is searching had lived there until some time during the year 1906, when he left home, presumably on a business trip, he being a traveling salesman, and has never been heard of from that time.

Mr. Sykes states that he undertook the search at the urgent request of the man's wife, who is persuaded that her husband was murdered.

As told by Mr. Sykes, it is a story of thrilling interest and may have developments of importance. Mr. Choate could give very little assistance in the search. He had known the person in question, but had lost all trace of him some time since.

The missing man has a family of four children.
